ABOUT US

Since 1987, WPCI has remained a premiere independent Wireless Intelligence Dealer in Canada operating 10 locations. Our team of experienced, dedicated business consultants offer perspective and guidance to help build and manage a superior corporate technology strategy. We are currently a trusted partner of many top Fortune 100 companies in Canada.

WPCI specializes in smart phone and tablet solutions, technology consultation for hosted and managed solutions, corporate wireless account management, business land-line and Internet solutions, and GPS services for personnel, vehicle and asset tracking.

WPCI provides innovative and cutting-edge solutions to our clients to help them increase productivity while minimizing IT and management costs. We provide a complete and comprehensive support model that streamlines all processes through one centralized point of contact ensuring industry-leading service and responsiveness. Using the latest technology, we build custom end-to-end mobile office solutions for small, medium, and enterprise organizations across industries including construction, transportation, manufacturing, and utilities/energy verticals. As a Wireless Intelligence leader, we have a relentless drive towards innovation and we are continuously raising the bar of industry-leading customer service. Wireless Intelligence is just the foundation to many of the innovative solutions we design and implement. The boundaries of wireless solutions are only limited by our collective imagination.

OUR MISSION

Guided by the relentless focus on the client experience, we strive to continuously reinvent our business by not accepting the status quo. WPCI's purpose is to provide superior customer service and innovative solutions allowing us to be leaders in all business segments. This remains to be the foundation upon which we continue to build our success today.

TESTIMONIALS

WPCI prides itself on delivering only the best service and support to our customer base, no matter the size of their company. Below is just some of the positive feedback we receive almost daily.

CAREERS AT WPCI

We are currently looking to build a great team of wireless consultants in our retail operation to interact with customers and assist them with their wireless personal needs and solutions. Our team members included people like you – enthusiastic, innovative, passionate and energetic. We believe in high performance culture that is challenging and financially rewarding. And we want you to join our team!

WHY WPCI?

WPCI is one of two Bell Mobility Dealerships who have gone through a stringent evaluation process in order to achieve Vendor of Record status for the Ontario Provincial Government. The process included the ability to become a PCI Compliant environment along with offering a heightened level of responsiveness and an overall "industry leading" level of customer service.
